

Dumpsters

Q: Do I need a dumpster permit?

A: Yes. The permit shall require a \$50.00 fee and an additional bond of \$500.00. The bond shall be returned once the dumpster is removed and the street and curb is inspected for any damage by the building department. If there is any damage the cost of repair will be assessed against the bond. Other restrictions and requirements apply. Please contact the Building department or refer to the Dumpster permit application form on our form download page for more information.
