

## **Pods**

### **Q: Can I have a pod or storage container on my property?**

A: Yes, with conditions. It shall be unlawful for any person, firm or corporation to place, keep or maintain any storage container on any residential property without securing a permit from the building department. A permit for a storage pod may only be granted if there is currently a permit for improvement to a dwelling with a cost of improvement for the time to be determined according to the need.

For more information on Pods and storage containers please call the Building Department or see Section 112-16.G in the Village Code.
